MEMORANDUM FOR: Security Support Division

SUBJECT : Stanislaw STANKIEWICH
S-1352
#97523

1. The field traces requested in your memorandum dated 1 May 1959 have been completed. The results are as follows:

EGOM-11515 states that "Station files contain no information not already known to Headquarters".

EGOM-51351 (copy attached).

2. We have reconsidered this case and believe that the position of Chairman of the Learned Council, BOGALLIN, is such as to make a Proprietary Approval more appropriate. If, therefore, the trace material submitted herewith plus the information already in the Security files is such that a PA can be issued, we would appreciate this being done. If on the contrary you do not feel that a PA can be issued, the results of the National Agencies Indices Check will suffice.
